BAGPAD® -

Hunting pillow & Shooting rest cushion

Item No.: 80910 (Set)

Item No.: 80904 (Shooting rest cushion)

Item No.: 80903 (Hunting pillow)

Hunting pillow

Light-as-a-feather, the hunting pillow for easy, light transport to the hunting seat. The feather-light seat pillow has been designed for the comfortable hunting seat. It keeps the radiating body heat in the application constantly warm when sitting and through the synthetic leather side the heat is not emitted downwards.

The pillow consists of 3 layers

Upper material: warm, comfortable quilted Artic-Fleece.

Inner material: fiber balls cellulose insert, keeps the radiating own body heat constantly very warm when sitting.

Lower material: synthetic leather black, dirt-repellent and ingenious as a cold bridge to the upper cushion.

The hunting pillow weighs only 350 g and has a size of 40 x 45 cm and can be attached with plastic carabiner for transport on the backpack or rifle strap or simply fixed on the waistband of pants.

The product is washable at 30 degrees on gentle cycle.

BAGPAD® - Shooting rest cushion

The new product consists of a material mix of loden 600 and padded, quilted Artic fleece green, a soft, inner viscose foam insert, an anti-slip fabric sewn underneath and has two attached weights on both sides of the cushion which prevent the shooting rest cushion from slipping away.

The anti-slip side of the cushion is placed on the wooden frame of the pulpit window, thus providing the shooter with an accurate, noiseless adjustment or shot in the direction of the target game.

Material composition:

Outer fabric: artic fleece padded, dark green with two weights.

Inner material: viscose foam insert padding for noise reduction.

Under fabric: loden 600 dark green with anti-slip.

One size fits all: 30 x 25 cm - Total weight very light 590 gr.

The product is not washable - Dry cleaning is recommended.

For small stains simply wipe with a damp cloth.

Made in Germany.
